Invitation to participate in the Learning Journey:
Ubuntu: Rising Stronger Together

We are living in a time of extraordinary disruption in which COVID-19 has made more apparent the socio-economic inequalities and digital-divide, among many other challenges, the global community faces.

Ubuntu.Lab
INSTITUTE
Co-creating Africa's Future

Ubuntu
is the "tool" we have for Rising Stronger Together.

As a philosophy and life-force, Ubuntu helps us to understand our individual and collective selves as part of Mother Nature. Together, we can and must collectively sense the future that is wanting to emerge and bring it into reality through our actions.

It is for this reason that we invite you to join Cohort 4 of our facilitated online offline programme.

If you are asking any of the questions below, **this programme is for you:**

- ➜ Could this moment of disruption, paradoxically, carry an opportune moment for Africa to Rise Stronger Together?

- ➜ What skills are required to effectively respond to these times of immense disruption?

- ➜ Given what is going on around us, how do we show up as individuals, organisations, communities and society going forward?

- ➜ What are the implications if we ignore the lessons the current crises are trying to teach us?

- ➜ Since nature is at the entre of the current disruption, how do we restore what is supposed to be a symbiotic relationship between ourselves and the rest of the natural environment?

- ➜ How can we deepen our understanding of what it takes to lead in disruptive times?

The core ingredients
of the program are:

- ⮞ **Seven 120 minute live online sessions.** These live sessions are the key learning spaces to enhance our skills, tools, processes and techniques for leading transformation in an Ubuntu way.

- ⮞ **Five 90 minute online Ubuntu-Cafés.** The Ubuntu-Café is an additional learning opportunity where participants interact with one another. At times, a guest – who is an expert or practitioner in their field – is invited to spark the dialogue.

- ⮞ **Application of the learning.** In between the sessions, participants will spend an average of 3 hours a week to apply the insights from their learning into their daily work.

What is Ubuntu.Lab
and how will it work?

Ubuntu.Lab is an applied online-offline learning program for change-makers, emerging and established leaders and innovators across Africa.

What are the **benefits** of participating in this program?

- ⮞ **Connect** with fellow change makers across Africa
- ⮞ **Learn** and practice new approaches to systems transformation
- ⮞ **Innovate** new solutions to current and emerging challenges
- ⮞ **Strengthen** your personal and collective leadership

Co-creating Africa's Future

How to join this ambitious and exciting journey?

You can join this learning journey either as an individual or organisation through the following steps:

➲ **Register on** ➲ **this link**

➲ Ensure that you participate in all the Ubuntu.Lab sessions that will run for 2 hours on these dates and times:

Ubuntu.Lab Sessions

| MAR 17 2021 12h30 CAT | MAR 18 2021 12h30 CAT | APR 21 2021 12h30 CAT | MAY 26 2021 12h30 CAT | JUN 23 2021 12h30 CAT | JUL 21 2021 12h30 CAT | AUG 18 2021 12h30 CAT |

Ubuntu Café

| MAR 31 2021 19h00 CAT | MAY 5 2021 19h00 CAT | JUN 9 2021 19h00 CAT | JUL 7 2021 19h00 CAT | AUG 4 2021 19h00 CAT |

ALL TIMES IN CAT (CENTRAL AFRICA TIME)

PRESENCING INSTITUTE

The programme is enabled by Ubuntu.Lab Institute and the Presencing Institute, with support from Digital Circles.
